Sun Design Remodeling Specialists of Northern Va. Names Elizabeth Walters Communications Director, Lisa Fitzpatrick Design Specialist and Mike Jiricko Design Consultant

Burke, VA – January 19, 2011 -- Sun Design Remodeling Specialists, Inc. of Burke, VA, has announced three new members of its team. The company has named Elizabeth Walters Communications Director, Lisa Fitzpatrick Design Specialist and Mike Jiricko Design Consultant.

Walters brings to Sun Design and its clients nearly a decade of experience in land development, community associations management, new home construction, remodeling, interior design and marketing. Before joining Sun Design, Walters was Marketing and Designs Manager for Chesapeake Homes in Virginia Beach, VA. Prior to that, she was Community Associations Manager for Kettler in McLean, VA. She has earned certifications from a number of urban planning, real estate and development organizations.

Fitzpatrick is an innovative interior designer and manager with in-depth experience in interior design and architecture. Before joining Sun Design, Fitzpatrick worked for a number of other construction, design and engineering firms. She was assistant manager for Ten Thousand Villages in Alexandria, VA, an interior designer with Justin Sancho Interior Design in Potomac, MD, and had her own residential, commercial and hospital design studio for eight years. Fitzpatrick earned a B.S. in interior design from the University of Maryland Eastern Shore.

Jiricko is an experienced sales representative. He earned his mechanical and materials engineering degree from Vanderbilt University and worked for The Center for Space Processing of Engineering Materials. Jiricko moved to Washington, D.C., and worked for a consulting firm as a Project Manager on various building materials issues. He has held several successful subcontracting and general contracting ventures in the D.C. metro area.

Sun Design President Bob Gallagher, said, “We’re very pleased and excited to welcome aboard Beth, Lisa and Mike. They bring excellent experience and skills to the team and are an important part of Sun Design’s growing success, award-winning design and its reputation for the best in customer service.”

About Sun Design
