Award Recognizes Creativity and Craftsmanship  
Among Area's Top Remodeling and Design-Build Firms

**Burke, VA – February 9, 2010** -- Sun Design Remodeling Specialists, Inc. of Fairfax, Va., today announced that it has won a “Contractor of the Year” (CotY) award from the Capital Chapter of the National Association of the Remodeling Industry (NARI) for a major project that it completed in Falls Church, Virginia. This marks Sun Design's 31<sup>st</sup> CotY Award since 1996.

The project for which Sun Design won its newest CotY was a complete modern makeover. The clients wanted a main level remodel of their lakefront home to bring a more cohesive modern look to a home that had undergone several previous remodels. New spaces added include a modern kitchen, dining room, master suite, powder room and foyer.

The CotY awards – which NARI says represents the “best of the best” -- include 35 entry categories of eligible remodeling and design-build projects. Sun Design won the award for 2009 in the category of residential interior in the price range of \$250,000-500,000. The Metro DC Chapter of NARI comprises 500 remodeling companies including full-service contractors, design-build firms, manufacturers, suppliers, distributors, subcontractors, and other professionals who work in the remodeling industry.

“We’re very excited to be recognized by NARI for this wonderful project,” said Bob Gallagher, COO. “The Sun Design team is highly creative, provides great attention to detail and is focused on providing the best customer experience.” Each year, Sun Design shows off its work during a series of home tours and other special events. The company plans a business networking night February 11 and an open house February 20, both at its Burke, Va., headquarters.
