Sun Design Remodeling Specialists of Fairfax County Wins Two Major Industry Awards

Fairfax County, VA – June 6, 2012 -- Sun Design Remodeling Specialists, Inc. of Fairfax County, Va. has won two national remodeling industry awards for the creativity, professionalism and overall excellence of its projects and exceptional customer satisfaction.

Sun Design has won a national *Chrysalis Award* for a residential basement project in Fairfax County. Chrysalis Awards honor the finest remodeling projects in the country. Some 81 remodeling companies from across the United States were named winners. Winning projects were selected from 420 entries judged on overall design, creative use of space and materials and the degree to which the project enhanced the original structure.

Sun Design has also won The 2012 *Guildmaster Award* (with Distinction) which is given based on a lengthy track record of exceptional customer satisfaction. The awarding organization surveys recent actual customers of homebuilders, remodelers, real estate developers, and home services contractors across the country and makes awards based on specific testimonials provided by those customers.

This has been one of most spectacular periods in Sun Design's 24-year history. Earlier this month, the company announced it had its best sales month ever in March 2012. Sales were more than \$1.8 million, beating its last record of \$1.6 million in June 2007. The company won a national CotY Award as a "Contractor of the Year" from the National Association of the Remodeling Industry (NARI), in April of this year, for a dramatic remodeling project in Fairfax, VA.

Sun Design President Bob Gallagher, said, “This is really an exciting time for all of us at Sun Design. We’re beating records, winning the hearts of our clients and growing the organization to exceed the expectations of each and every client.”
