Sun Design Remodeling Specialists of Fairfax, Va., Wins Master Design Award from Home Remodeler Magazine for Fifth Time

By Robert Deigh

Burke, VA – October 11, 2010 -- Sun Design Remodeling Specialists, Inc. of Burke, Va., today announced that it has won – for the fifth time – a Master Design Award by Qualified Remodeler Magazine. The award was given for a beautiful three-season sunroom that Sun Design remodeled at a home in Vienna, Virginia.

Sun Design has won dozens of awards for its design, creativity, construction, customer service and attention to detail. Last year Inc. Magazine named the Sun Design among America's Fastest Growing Companies. Washingtonian Magazine named it the region's Top Remodeler.

The Qualified Remodeler Master Design Awards competition was initiated 32 years ago to recognize remodelers, architects, builders, kitchen and bath specialists and other professionals for outstanding project design and construction. Criteria for the award include aesthetic appeal, construction techniques, handling of unusual situations, attention to detail, functionality of space, financial success and overall impression.

Sun Design President Bob Gallagher, said, "We're honored that the editors of Qualified Remodeler have recognized Sun Design among companies across the country for our work on making our clients' living spaces more beautiful and functional. Our team is second to none when it comes to tailoring a home to fit a family's lifestyle. That's why most of our business comes to us by referral."
